Summary

I am a User Experience and Visual Designer, with a proven history of creating cutting edge interface designs and information architectures for websites and mobile applications through a user-centered design principles by creating screen flows, prototypes, and wireframes. Vast experience with client and stakeholder relationships, along with project management, leadership and strategy.

User Experience Designer / UI

MOTIONBORG, Inc.

Jul 2011 - Present

Pembroke Pines, FL

- Collaborating initiatives from both a UX/UI Design capacity as well as overseeing the team as a whole. Team up with UX designers, UI designers, and front-end developers by problem-framing, providing right objectives and resources, to allow the team to grow and evolve by coming up with solutions to complex requirements and user experience issues.
- ScrumMaster role in an agile environment on multiple, simultaneous desktop and mobile products, designing features and common experiences, defining new patterns and paradigms, along with creation of UI components and assets.
- Discovery sessions with clients and stakeholders to define features and interaction, leading to high-fidelity mockups for the design and product development teams.
- Engaging and collaborating with product owners, managers, and development leads to solve complex user and business goals, while empowering excellent, high-quality visual designs, concept models, heuristic reviews, sitemaps, process flows, sketches and wireframes.

Art Director

The Law Office of Jonathan Kline, P.A.

Jan 2007 - Jun 2011

Weston, FL

- Assemble and manage teams of designers, copywriters and programmers based on project goals. Analyze monthly metrics, statistics, ad campaigns and manage budget of the entire marketing plan.
- Create design prototypes, including graphic design, site navigation, collateral, and layout of content for the Law Firm marketing department.
- Set-up, monitored and reported metrics through Google Analytics to determine lead generation, drop-off rates and pain points in user flows in order to increase ROI.
